

The Sussex Championships is the most important annual gymnastics event in the county.

The competition occupies the whole weekend, and provides an exciting event with gymnastics clubs from the whole of Sussex taking part. Approximately 350 gymnasts and about 850 spectators will attend over the weekend.

In 2010, the Sussex Championships will be held at Olympos Leisure Centre, Burgess Hill on 9-10 October.

There will be coverage by the local press. Posters will be sent to the hosting leisure centre, and the clubs involved will be sent flyers to be distributed in the areas local to them.

The event organisers all work voluntarily to make the Sussex Championships the spectacle it has become, but the weekend is very expensive to run. This is why financial help from companies and individuals is so important.

Unless sponsorship can be obtained, Sussex Gymnastics will be forced to reduce the size of the event, and the weekend will not be able to include as many gymnasts from such a wide variety of backgrounds.

Please get in touch with Richard Keasley at Hawth Gymnastics Club if you think you can help.

Cost of adverts

The following charges apply for adverts placed in the event programme:

Whole page.....£ 110.00

Half page.....£ 55.00

Adverts can also be displayed on the Sussex Gymnastics web-site, and on the plasma screens used during the event.

Publicity we can provide

Sponsors are asked to supply all adverts themselves, electronically, 5 weeks before the competition so adverts can be included in the event's programme.

The Sussex Championships programme is an A4 booklet printed in black & white, containing complete spectator information for the event and listing the names of all the competitors. Sussex Gymnastics sells about 350 programmes during the weekend, the cover price of which was £1.00 in 2009.

All sponsors can also have a banner advert placed on the Sussex Gymnastics web-site. The Sussex Gymnastics web-site attracts a large number of visitors (about 1,500 per week). This banner will be placed as soon as sponsorship has been agreed upon, and will remain on the web-site until next year's Championships, approximately 12 months' later.

There is an announcer present throughout the weekend, and all our sponsors will be mentioned frequently during the event. We can also place an advert on the plasma screens used to display scores.

Please contact us if you would like to display banners or posters in the arena.

Sponsors are welcome to attend the competition as guests and would be invited to assist with the presentations of medals.
