

Sussex Gymnastics

Chairperson's Report 2016/17

The last 12 months have been quite quiet this year.

We have opened up the funding to Sussex clubs again for the coming year. It has been agreed that it will once again help towards coach education. The total amount for each Club is £250.00

Sussex Championships have been moved back to October to try and encourage more participants. All the organising is underway and information will be coming to you shortly. All information that is emailed out will also be out on the Sussex website.

My only worry for Sussex at the moment is the lack of support from clubs for help. The committee are always asking for helpers even if you can't commit to all four of the meetings we have through the year, anything is better than nothing. We have no treasurer and secretary at the moment. Losing Ali, as secretary is going to be a real loss so we really would appreciate any help at all.

One final thing from me..... Please, when you are asked for feedback from the committee please just take a few minutes to send us your comments. We can't change things without knowing your thoughts. We can't put on courses or clinics if we don't know they are needed.

Once again a huge Thank you to the committee members who take time out to come together to help Sussex run as smoothly as we can.
