

Sussex County Treasurers Report

From 1 April 2020 to 31 March 2021

There have been no competitions or events during the year because of the restrictions imposed due to the Coronavirus pandemic.

The county committee following the lead of the region agreed to help support affiliated clubs who had incurred additional costs caused by the pandemic by giving a one off grant. 17 clubs applied for and received grants based on their membership numbers and these totalled £8,450.

This money was taken from the county reserves that had been built up over the previous years, mainly from profits on competitions.

The county remains well funded to support activities in the year ahead, which we all hope will resume soon.

Keith Walter
County Treasurer

Income and Expenditure Variances

April 1 2020 to 31 March 2021

Opening Balance	43592
